

# Clinic Patient entry System

Due to Covid-19 Pandemic, Government of Tamilnadu order for the all Hospital and Medical shop. Hospital and Medical shop should maintain the customer details like when he/she come to hospital or medical shop and the reason for coming and time of coming. The details like name, age, health issue, address, date and time of the patient.

So I done a project for RPM Medical. When enter the patient details it would be stored in excel sheet.

The image shows a digital form titled "RPM CLINIC" with the instruction "Enter the details Below". The form is set against a blue and purple gradient background. It contains several input fields: "Name..", "Age..", "Health Problem..", "Address..", and "Mobile No.". Below these are date and time pickers labeled "dd-mm-yyyy" and "--:--". A "Submit" button is at the bottom. A "Register" link is visible at the bottom left of the form area.

**RPM CLINIC**  
Enter the details Below

Name..

Age..

Health Problem..

Address..

Mobile No..

dd-mm-yyyy
